A NOTE *from our* BOARD

Dear Friends of CALC,

As you probably know, in February, we announced that Becky Richeson would be stepping down as our Executive Director. Becky joined CALC in 2012 to spearhead CALC's capital campaign, and was named Executive Director in February 2014. She led CALC through many accomplishments, including growing and creating new programs, establishing an endowment, and strengthening CALC's financial position. Becky's strong commitment to community engagement through the arts and sincere commitment to our entire community led to long lasting and important partnerships throughout Carlisle.

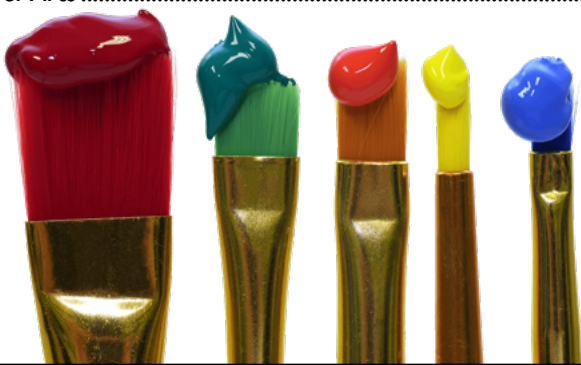

Becky leaves CALC in a strong position for continued growth. We sincerely thank her for her leadership, unwavering commitment, and countless contributions to CALC. The Board and staff wish Becky the best of luck in her new endeavors. The Board will continue to oversee the process of permanently filling the position, which is listed on our website.

Sincerely,

CALC's Board of Directors

bye becky!

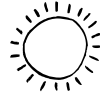

Change is often a good thing. Change allows us to learn new skills, make new connections, and grow. CALC's big change is that our dedicated, competent, problem solving, caring and NIMBLE executive director is off to forge a new career path...so, after pushing back her departure date about 100 times, we finally had to let her move on.

Thank you Becky for being such an unflappable & warmhearted leader, we will miss you! And you know what we always say... you never really leave CALC, so we will see you around and if we don't—we know where to find you!
